1. Check the type and version of the OS running on your smartphone. For the OSes supported by the watch, visit our website. (https://www.seikowatches.com/jp/ja/custcustomerservice/bluetooth)
2. Download the application "Time Connect" for exclusive use with the watch.
   For iOS: Download from "App Store."
   For Android: Download from "Google Play."
3. Install the dedicated application "Time Connect" on your smartphone.
   If the application requires permission to use the position information, set the smartphone so that such permission is granted to the application.

**REGISTRATION OF WATCH**

Before using the watch with a smartphone for the first time, be sure to register it on the smartphone. Registration procedure is no longer required for Bluetooth communication thereafter.

1. Before Registering the Watch
   1. Enable the Bluetooth function on the smartphone.
      - The method of enabling the Bluetooth function differs depending on the model of the smartphone. For details, please refer to the instruction manual for your smartphone.
   2. Start up the dedicated application "Time Connect."
      While registering the watch, make sure that the application screen is kept displayed on the smartphone.

To Start Registration
1. Operate the watch following the procedure below to register the watch on the smartphone.
   **N855 (Watch with a Rotating Bezel)**
   - Turn the rotating bezel to align the mode indicator with "CONNECT" and hold the button at the 3 o'clock position for more than 2 seconds. The second hand points to the 3 o'clock position.

   **N851**
   - Press and hold the button at the 3 o'clock position for more than 2 seconds. The second hand turns to point to the 3 o'clock position.

   **Reception Result Display**
   After the reception is performed, the second hand indicates the result of the reception for 5 seconds.
   - When the reception was successful, the second hand points to "Y."
   - When the reception failed, the second hand points to "N."

   **Calendar Display**
   - With the mode indicator aligned with "CONNECT" or "TIME," press Button ①.
   - The three hands indicate the calendar for 10 seconds.
   - The hour and minute hands move to the 3 and 12 o'clock position.
   - The second hand moves to the date scale on the outer edge of the dial that the second hand points to.

   **How to Use Count-Up Timer**
   Turn the rotating bezel to align the mode indicator with "COUNT UP!". All the hands moves to the 12 o'clock position, and the timer starts counting.

   **How to Use 3-Minute Countdown Timer**
   Press Button ⑤. The hour and minute hands move to the 3 and 12 o'clock positions, respectively, and the timer starts counting down 3 minutes as those hands turn counterclockwise. The second hand points to "ON," indicating that the timer sound is turned on.

   **Reception Result Display**
   After the reception is performed, the second hand indicates the result of the reception for 5 seconds.
   - When the reception was successful, the second hand points to "Y."
   - When the reception failed, the second hand points to "N."

**OPERATION OF N855**

- Each time the watch is used with a new smartphone, be sure to follow the procedures in "INSTALLATION OF APPLICATION" and "REGISTRATION OF WATCH." above.

**OPERATION OF N851**

- The design of the watch differs from model to model, and the design illustrated above may not be the same as that of your watch.
